

## Another Awakening Step

Dear evolutionary journey companions,

I'd like today to share with you something I received four days ago from the new person in charge of a much respected source aggregating revelatory information from mainstream media and offering introductory comments and enlightening perspectives helping us better understand the manipulative power of hidden elites striving to control everyone's perceptions to fulfil their aims – much like I did for many years before I decided it was time to focus my attention on other projects.

This is the third email I send within a short period, in English and French, to the 4041+ subscribers to this Earth Rainbow Network. As you may recall, I did the same kind of thing at the time of the Freedom Convoy [from December 16, 2021 to January 28, 2022 as shown [HERE](#)], when Canadians truckers, supported by millions of Canadians, converged on Ottawa to derail the harshly enforced curtailment of our rights and freedoms under the guise of a false pandemic, what many called instead the 'Plandemic'.

Soon after, the whole narrative concocted by elites controllers started to crumble and humanity has now recovered most of its ability to move and act freely, whether injected or not with the poisonous weapon that has left a worldwide trail

of hundreds of thousands of deaths and lifetime incapacitation and harm for several millions of victims, which of course the lying propaganda media continue doing their utmost to hide.

If your current set of beliefs makes you uncomfortable reading such a take on what happened, perhaps because it would be more distressing to admit that people in position of power, in governments and the media, have been led to entrap billions of people in a nefarious plot, or even have knowingly contributed to this situation, then rest assured: your freewill choice to hold on to any vision of reality that best suits you is the very reason why so many souls have worked hard to help reveal what really happened and keep doing their best to awaken more and more souls to the threat we still face — unless we turn the tables on those who have ‘shenaniganed’ us all for so long, and claim our sovereign right to not consent to their manipulative vision of reality, see through their ploys and cocreate our own soul-inspired global reset to a new divine world order... which we are in the process of doing, right in the nick of time.

So as part of this awakening process, I felt many of you would enjoy reading [Conformity and Groupthink in the COVID Era](#) which my friend Amber Yang authored as part of her new role at the helm of the Want To Know service created 20 years ago by [Fred Burks](#), who is now in the process of retiring as you know if you already received his recent email about this transition.

She gives us a thought-enlightening perspective on the tricks used to railroad billions of people into rolling up their sleeve to get injected with a secret mixture that has so far wreaked havoc with the health and lives of about 5 % of the injected ones. I recommend you go read it at <https://www.wanttoknow.info/h/coronavirus-shaping-groupthink-and-conformity>. At the same time, if you like the new flavour Amber brings to this work of Love, I encourage you to subscribe – through <https://www.wanttoknow.info/subscribe> – to receive twice a week for free the *Want To Know* material that, as usual, covers a large gamut of topics and will nurture your own awakening process. Of course, there is already tons and tons of amazing stuff to discover at <https://www.wanttoknow.info/> if you wish to find out more first.

There are countless other alternative news services. But this one feels to me like a precious one to add to the mix of inner and outer sources of inspiration to keep forging ahead towards the brand new 5th dimensional reality we are here to midwife.

*EnJoy!*

Jean

*In retrospect, America in February of 2020 seems like a libertarian, innocent age compared to our current one. We did not live under the shadow of possible nuclear holocaust. Everyday life was devoid of the nanny-state elements of our current age. Many of us had gone through life never quite knowing what the destructive power of a government run amok looked like.*
