

The End of Violence in the Middle East is Within Reach - And Other News

Driven to the wall by the revolt in Israel against his refusal to authorize a second truce to allow the release of the hundred or so hostages still in the hands of Hamas, and following the loss in one day of 24 Israeli soldiers killed by the collapse of the building they were about to demolish, Netanyahu, the bloodthirsty torturer of Palestinian civilians, has just proposed a two-month ceasefire to Hamas, signalling the imminent end of the merciless massacres in Gaza.

The first four minutes of what follows concern the Israeli-Palestinian conflict...

Top U.S. & World Headlines — January 23, 2024 - by *Democracy Now!*
<https://youtu.be/pHksLX3ZvwA>

After the murder of over 35,000 Palestinian civilians (including those still under the rubble of bombed buildings), including over 10,000 children, Butcher Biden has finally signaled to his genocidal accomplice that he can no longer continue to openly support him.

Voices from all sides are calling for a Palestinian state, freed from the yoke of the Israeli oppressor, to rise from the ashes of Gaza and finally give the original occupiers of this territory a corner of the planet of their own, where they can recover from the profound sequels of the relentless collective physical and psychological torture suffered since the founding of the rogue state called Israel.

Violence and hatred must finally be seen by all parties involved as a dead-end and a perfect way to hasten one's own self-destruction.

Only a genuine peace based on absolute respect for human dignity and the sacred nature of all life can ensure the long-term survival and prosperity of all the scarred inhabitants of this part of the globe, including Israel's neighboring countries, most of which have been ravaged by decades of destructive conflicts.

The unthinkable alternative to this positive scenario is the outbreak of a third world war caused, following the American-Israeli bad example, by the absence of any reasonable restraint on the part of the world's various state protagonists fighting for their political survival or to extend their power.

We cannot collectively consent to such a global scorched-earth scenario, instigated by Deep State psychopaths in their frenzied, desperate efforts to avoid losing control in the face of the global awakening of consciousnesses.

It's up to us, all of us together, to choose in our hearts the Royal Way of Love, the only one that can assure us of the emergence of a radiant future where our children can flourish and give birth to a better world, freed from the miasma of war and all other forms of violence against life.

Let us choose Love. Let us choose Peace. Let us choose the mutually agreed freedom to co-create a new Reality worthy of the infinite potential for goodness and gentleness still germinating in the depths of our beings.

Thank you for contributing to this with each of your thoughts, with each of your heartfelt impulses, with the very vibration that emanates from your soul.

Jean

WHO's Treaty Poses an Existential Threat to Humanity

https://www.earthrainbownetwork.com/pdf/Existential_Threat_to_Humanity.pdf

I would like to inform you of a draft treaty led by the World Health Organization which you may have already heard about. This treaty poses a threat to the future of our freedoms, especially the freedom to decide how we each wish to maintain and improve our health, an inalienable right that has been terribly violated during the recent global "pandemic" scam. The attention that the negotiations surrounding this draft treaty have attracted has already forced the instigators to modify their approach. But we must continue to sound the alarm so that our political leaders understand that it

is definitely not in their best interest to hand over the country they govern, bound hand and foot, into the hands of elites who want to use the fear of viruses to strip us all of our most fundamental rights. CLIP

In a 2022 interview, Russian dissident podcaster Konstantin Kissin pointed out to media host John Anderson that, "In Russia last year, 400 people were arrested for things they said on social media." Duh, we know... Russia bad (repeat often). Kissin is privileged to live in Britain, in the free world where, in 2021 **only 3,300 people were arrested for things they said on social media.**

NOTE: Listen to this excerpt from the interview with Konstantin Kissin. The repression of freedom of opinion in England has become appalling! The

dictatorship of the Deep State is reaching new heights. Those who never take the trouble to visit alternative information sites free from government control—and there are legions of them—will never know all that is hidden from them. Ireland is falling into the same sectarian drift as England and France.

SMOKING GUN SHOWING THAT THE U.S. GOVERNMENT IS RESPONSIBLE FOR THE SARS-CoV-2 VIRUS

US scientists proposed to make viruses with unique features of SARS-CoV-2 in Wuhan - January 18, 2024

<https://usrtk.org/covid-19-origins/scientists-proposed-making-viruses-with-unique-features-of-sars-cov-2-in-wuhan/>

American scientists planned to work with the Wuhan Institute of Virology to engineer novel coronaviruses with the features of SARS-CoV-2 the year before the virus emerged from that city, according to documents obtained by U.S. Right to Know.

(...) Specifically, the scientists sought to ... select for receptor binding domains adept at infecting human receptors. The genome of SARS-CoV-2, the virus that causes COVID-19, matches the viruses described in the research proposal.

(...) Documents previously reported by U.S. Right to Know show that some of the experimentation could secretly occur in Wuhan at a lower biosafety level than specified in the grant, apparently to save costs.

(...) The documents describe the SARS-related viruses to be studied in the grant as posing “a clear-and-present danger of a new SARS-like pandemic.”

Chinese Scientists Create COVID Strain That’s 100% Lethal in ‘Humanized’ Mice - 01/18/24

Chinese scientists have created a mutated pangolin coronavirus that is 100% lethal in “humanized” mice, raising biosafety concerns around risky gain-of-function research.

(...) Dr. James Thorp, whose medical experience includes 44 years in obstetrics and fetal maternal medicine, and the author of more than 245 scientific papers, wrote on X, “Sure appears like a lab-created bioweapon to me. Am I missing something? Do you believe that this research is being done for the good of humanity? Have we collectively gone insane?”

Many on X wondered whether this kind of research would result in the outbreak of the theoretical “Disease X” predicted by the World Health Organization, the World Economic Forum, the Bill & Melinda Gates Foundation, the Coalition for Epidemic Preparedness Innovations and other globalist organizations.

In it, he ridicules both what's going on at the World Economic Forum meeting in Davos (then in its 3rd day) and the American politician Elisabeth Warren, who has been attacking him for years, as seen in another video below this post.

We also see an extract from the opening speech by the "lizards emperor" (dixit Tucker Carlson in reference to Klaus Schwab) who asserts - see https://twitter.com/_BlakeHabyan/status/1747429375954325601 - that it is necessary to restore trust among the world population he seeks to control and dominate.

He clumsily tries to link the word "trust" with "trusteeship" by claiming that the members of the elite present at Davos must exercise their trusteeship.

If he thinks people are going to trust an organization run by a transhumanist aristocrat in his attempt to put them under his tutelage, he's sadly mistaken.

Mutiny erupts among WEF staff over role of 'Mr Davos'

How Klaus Schwab Built a Billionaire Circus at Davos

<https://www.vanityfair.com/news/2022/01/how-klaus-schwab-built-a-billionaire-circus-at-davos>

Excerpt: (...) In truth, Davos Man has pillaged the global economy, exploiting workers, plundering housing and health care, and dismantling government programs while transferring the bounty to his personal bank accounts tucked in jurisdictions beyond the reach of any pain-in-the-ass tax collector. The resulting inequality constitutes a potent threat to peace, a source of mass grievance that has helped propel anti-democratic populists to prominence around much of the globe.

Yet the fact that Schwab appears to believe in his credentials as a moral figure worthy of a Nobel speaks to his faith in the effectiveness of his creation. Like the people he gathers annually in the Alps—or at least virtually during the pandemic—Schwab is an exemplar of the force of pious words as prophylactic against the consequences of unsavory deeds.

Note: In reality, as more and more people are discovering, Klaus Schwab is a pillar of the global elite (also known as the Deep State) and an influential member of the Bilderberg Group, which for 72 years has been secretly plotting to establish its New World Order across the planet.

As reported in...

Bilderberg reconvenes in person after two-year pandemic gap (4 juin 2022)

<https://www.theguardian.com/world/2022/jun/04/bilderberg-reconvenes-in-person-after-two-year-pandemic-gap>

Excerpts: (...) Many consider it an older, less flashy Davos, staged annually by the World Economic Fund. The two events have a good bit in common: namely, three WEF trustees at this year's conference, and Klaus Schwab, the grisly head of Davos, is a former member of Bilderberg's steering committee. His "Great Reset" looms large over the Washington conference, with "Disruption of the Global Financial System" at the heart of the agenda.

(...) Bilderberg gets scant coverage partly because of its connections to the transatlantic intelligence community. Formed in the mid-1950s as a joint project of British and US intelligence, the conference has kept its cards so close to its chest that the world's press has given up trying to get a glimpse of them.

(...) Bilderberg knows that however the global realignments play out, and whatever a reset global financial system looks like, the shape of the world will be determined by big tech. And if the endgame is "Continuity of Government", as the agenda suggests, that continuity will be powered by AI. Whatever billionaire ends up making the software that runs the world, Bilderberg aims to make damned sure that it has its hand on the mouse.

Here's a short excerpt...

"Our job is to give people not what they want, but what we decide they should have."

- Former president of CBS News, Richard Salant.

One of the best-kept secrets is the extent to which a handful of giant conglomerates, all belonging to the secretive Bilderberg Group, the Council

on Foreign Relations, NATO, the Club of Rome and the Trilateral Commission, control the global flow of information. They determine what we see on TV, hear on the radio and read in newspapers, magazines, books or on the Internet.

The Bilderberg Group has, at one time or another, arranged for representatives of all the major American and European newspapers and news networks to attend one of their meetings. These media representatives are invited on condition that they promise not to report anything. This is how the Bilderbergers maintain their blackout on information about them in the USA and Europe.

The following video by Michael Salla, from June 2023, provides an excellent historical context for the Galactic Time War, of which very few people are aware...

<https://vimeo.com/ondemand/timetraveltemporalwar/723269792>

The strong military intervention of the Galactic Federation of Worlds, in collaboration with the Earth Alliance, led to the expulsion from the solar system, between 2020 and 2022, of the Reptilian Dracos and their Orion allies, who had fostered the emergence of the neo-Nazi Deep State with which we are still grappling. The central role of Klaus Schwab is briefly mentioned.

Comment received: *"Truly impressive, it exceeds fiction"*.

Indeed, reality far surpasses fiction. When we start to discover the real root causes of our current global situation, we can quickly feel overwhelmed by it all, and the usual reaction is to deny everything wholesale... which the mass conditioning of the last 70 decades makes easy. An essential aspect not to be forgotten is that the great galactic and terrestrial "villains" in all this are playing their essential role to perfection in the universal play (a virtual reality so perfect that it seems totally real to us) where souls are journeying, exercising their free will and learning profound evolutionary lessons. Accepting to love unconditionally even the most twisted and repugnant incarnate beings is one of these great lessons, for rare are the souls who haven't at one time or another had the incarnational opportunity to play such roles... and then end up with a formidable karmic debt to compensate for.

Note: A major galactic war has just been launched by the Galactic Federation of Worlds (GFW) to repel the Ciakharr Empire (of the Draco Reptilians), which recently attacked several planets in the Stemys IV star system in the galactic sector next to ours, and bit the dust when their sworn enemies, the Gnomopos, now members of the GFW, intervened militarily on a planet whose civilian population had just been evacuated. This internationally renowned expert and author has been studying and publishing on the vast subject of extraterrestrial phenomena for over 20 years. In his posts, he focuses on news about the disclosure process and everything the Deep State is doing its best to conceal from the general public.

Year 1 of a New Cosmic Era

I wish us all that 2024 will be Year 1 of a new cosmic era. Disclosure will most likely take place before the end of this year... which will change EVERYTHING! And for the better, in so many ways. U.S. military leaders, along with those of other nations, will finally officially admit that extraterrestrial civilizations have been in contact with senior Earth leaders for decades, that secret agreements have been made, and that highly advanced technologies and clean, inexhaustible energy sources are at their disposal, and will gradually be made available to all mankind.

Let's visualize that by the solstice of June 21, the last obstacles to this disclosure will be lifted, and that this date will officially become the first day of this new era of freedom, opening up the possibility of an even more rapid and exciting evolution for all souls incarnated on Terra Gaia.

A friend commented: "I don't have your optimism, because Luciferian forces will be unleashed to ensure that nothing is broadcast. The men are already hard at work to finish dividing us and make sure the USA will be turn into fire and brimstone. A third world war is the only option to save their skin."

I replied...

Thank you for sharing your perception of the colossal challenge before us. It's easy to believe that, once again, the Satanists' schemes will succeed. We are engaged in a fight to the finish between the growing Light and the waning darkness. To escape what their scorched-earth policy has in store for us, it's going to take all we've got and a lot of help from our allies in the Galactic Federation of Worlds, and above all a profound change and radical awakening in the collective consciousness. It can be done! That's what we need to focus on, and after that, God willing... Literally. We won't give up, and the benevolent forces protecting the current positive timeline will support us all the way to Victory!

Highly Recommended Information: "Reality Of The Targeting Program" Symposium This Friday January 26th, 2024 12-3pm EST

<https://anamihalceamdphd.substack.com/p/highly-recommended-information-reality>

Excerpt: (...) We will explain that the targeting that thousands of individuals are experiencing worldwide is real. I have experienced it myself, and have treated many Targeted Individuals who are being remotely tortured. Why should you know about such atrocities? Because the micro chipping and total surveillance of humans is the very agenda of the AI Metaverse, social credit system, complete tracking and control grid via 5 G and extensive satellite network. TI's were innocent civilians, implanted with microchips against their will and tortured by directed energy weapons and other means. This is not fiction, but FBI agents in US courts have testified to the reality of this program. As former FBI Chief states, this is happening in conjunction with Satanic cults and organized crime.

(...) What some dissidents and people who speak out against the system are already experiencing daily is what the future of complete human control will look like, unless every single one of us stands up and fights back against this program. Remember the transhumanist agenda is a Satanic agenda, and it is the technocratic One World Order.
